

A Look Inside the Mission's Open Studios

Jon Fischer does silk-screen prints on recycled material, such as cardboard. "I'm trying to do really cheap, accessible prints for the masses," he said.

\$14.4 TRILLION INDUSTRY COULD DESTROY INTERNET

It's time to say "goodbye" to your Internet!

One bleeding-edge technology is about to put the World Wide Web to bed. And if you act right away, it could make you wildly rich. Experts are calling it the single largest business opportunity in the history of capitalism... The Econo-Big money is already on the move. Don't be too late to the party - click below for the 1 stock to own when the Web goes dark. **Tell me the stock!**

About Us

Mission Local is a project of U.C. Berkeley's Graduate School of Journalism. Mission Local believes that by covering a neighborhood fairly and thoroughly, we can build community and a sustainable model for quality journalism. We're a mix of students, professionals and community members.
